

Model: Nautic Lux I Pro (1500), drop-in	With mobile app Nautic Pro	Size :1500*750*610mm
---	----------------------------	----------------------

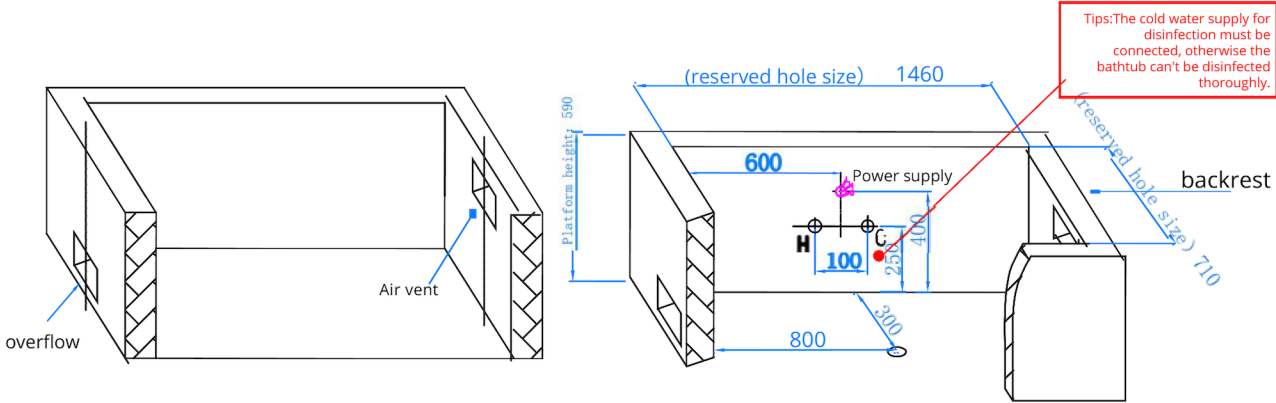

No.	Configuration	Sketch	Unit	Qty.
1	HP1.5pump (220V,50HZ)		set	1
2	Turbo jets (can be closed)			
3	Little jets (can be closed)		pc	11
4	Stainless steel overflow		pc	1
5	1.5 suction net (with chromeplate cover)			
6	Chromatherapy lamp		pc	1
7	pop-up drain		pc	1
8	B8 remote control system		set	1
9	Cleaning solution bottle		pc	1
10	1.2m drain pipe		set	1
11	Sealed floor drain		set	
12	1.5KW thermostat		pc	1
13	pop-up drain		pc	1

No.	Configuration(optional)	sketch	unit	Qty.
1	Nano bubble system			set1
2	Round hand wheel drain			pc1

Product parameter list	
Rated power/voltage /current of pump	115 0W /2 20 VAC/5. 2A
Rated power/voltage /current of thermostat	150 0W /2 20 VAC/6. 8A
Maximum water consumption(L)	260

Plane Graph

Water & Power Supply Connection

- Drain (DIA.≥50mm,to drain waste water),in same level with the ground.
- cold/hot water supply pipe (reservedlength30mm,G12"metricexternalthread H=hot water, C=cold water,used for waterfall water in)
- Power wire (length 200mm,square numbers of electric wire:3X2.5mm².) Product should connect earth wire.

Note: For the built-in tubs with electric parts,the platform must have ventilator/overflow/safety hole as required. The drainpipe should be sealed as the instruction.If the tubs are installed incorrectly, factory will not responsible for the electric part when there is something wrong.
